

Dr.Chung's Food

About Us

Dr. Chung's Food Co., Ltd. that opened the first page of Korea's soymilk history was established in 1973, and we are the food manufacturing company that has led the soymilk industry of Korea and the world for 49 years.

Vegemil was created with the purpose of providing proper nutrition to the children who are suffering from lactose intolerance by the founder of Dr. Chung's Food Co., Ltd. Chai-Won Chung in 1973.

Dr. Chung's Food Co., Ltd. built its central research center and the biggest soymilk factory in Korea in 1984 in order to aim for the products with the best nutritional quality and the researchers are giving its best effort for the product development and quality improvement.

Our company has various product lines :

- Vegemil type, highly nutritional soy milk. It provides vegetable nutrients to people with westernized diet,
- Greenbia type, special medical foods for the various types of patients or general public who want nutritional supplements,

are being produced and loved by our customers.

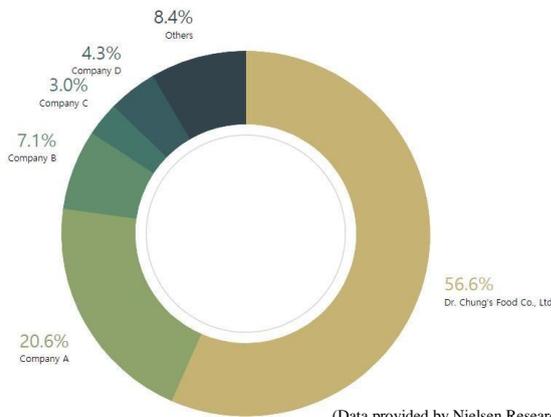

We receive customers' opinions through direct meetings to promote Vegemil, provide more and better information, and for the best customer satisfaction. We, Korea's soymilk industry leader, Dr. Chung's Food will make our best effort to become an internationally recognized company.

Why Us?

Our company enjoys a great reputation in society and domestic market. As the top leader of soymilk market in Korea :

- We have the longest soymilk brand history in Korea and currently have 56.6% of the soy milk market share.
- Because of the high quality products and a great reputation, the annual sales of Dr. Chung's Food was \$185mil. in 2021.
- Dr. Chung's Food has been awarded No.1 Korea brand power index in soymilk industry for 20 consecutive years.
- Our products have wide range of certification including FSSC22000, HACCP, USFDA, IFANCA Halal, etc.
- We have the biggest soy milk factory in Korea that is capable of producing 2.5million products per day.
- We use Non-GMO soy beans to make sure our products maintain its best quality.

South Korea Soymilk Market Share in December 2019

Certifications

Many companies around the world have recognized our possibility and the potential power. Therefore, we are currently exporting our products to over 35 companies in 16 countries including USA, Canada, and China, etc.
