PLUCHKE

WHAT IS ADORABLE?

This water-based manicure is safe for children and adults. Removed all harmful ingredients and uses only safe ingredients, thus being dermatologically tested as not just hypoallergenic, but non-irritating at all.

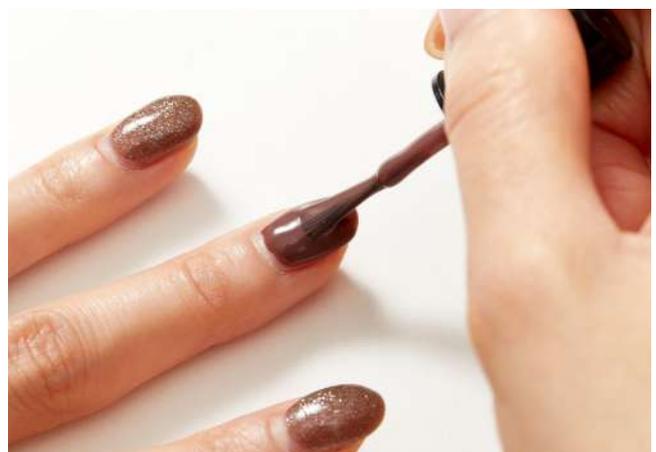

This is the safe, yet still offers a great color, **ADORABLE**.

CHECKPOINT 01

Nail polishing sticker

Unlike nail tips and nail stickers, this polishing-type manicure is easily removable like a sticker. Nail tips or nail stickers can be used 1-2 times on average, but ADORABLE can be used more than 20 times.

CHECKPOINT 02

Quick and easy to use

It takes only 3 minutes to dry! If you do not like the shape, you can simply remove it with a wet tissue, so it is easy to remove and re-apply. You do not need a remover or soak-off, and you can just simply take it off! One minute is more than enough to remove it.

CHECKPOINT 03

Minimize damage to your nails

It does not use an adhesive or is not baked with a UV lamp, but adheres to nails as water dries. So, you do not need to file or soak-off nails, minimizing damage to nails. It also contains the patented nutrient, celery seed extract.

HOW TO USE

Easy to apply, and easier to remove

1 Fully apply it on the tip of your fingernails, leaving 1mm from the cuticle line empty. (The more you apply translucent syrup nails, the deeper and clearer the color will be.)

2 Let them dry for 2-3 minutes and apply the topcoat to the tip of nails as if coating the color.

3 Do not move before the topcoat dries.

4 Remove it like a sticker and that's all!
